**DIRECTIONS:** Complete columns above. Do not leave any blanks. If exact data is not known, estimate as closely as possible. Separate lines are provided for specific varieties. If one variety is planted in different years, list on separate lines. Attach additional sheets as necessary.

**NOTES ON THE ABOVE COLUMNS:**

Species: Grapes, walnuts, pears, etc.  
Variety: Petite Sirah, Franch, Bartlett  
Spacing: 8x8, 20x20, 8x10, etc.  
No. Per Acre: Vines or trees per acre  
Acres: Acres per particular planting

Root Type: St. George, AXR1, Nellis, etc.  
Expenses (\$/Ton): Actual expenses - all preharvest, picking and hauling expenses. (Do not include property or income taxes, depletion charges, debt retirement, or interest on loans invested in land or living improvements.)

Production: Actual production for each year and variety  
Price: Average price per ton received on each variety  
Remarks: Enter remarks about a particular planting, e.g., 8% of vines missing, Phylloxera infestation, hail damage, etc.

**FILL OUT SECTION BELOW FOR PEARS ONLY:**

Current Year	Fresh Pack: Tons	Price per ton	#1 Cannery: Tons	Price per ton	#2 Cannery: Tons	Price per ton	Fermentation: Tons	Price Per Ton
